PRODUCT DESCRIPTION

Designed to offer reclined positioning, the Orchid Range of cradles and shower chairs are brilliant for use in shower areas with limited space. Covered with machine-washable mesh fabric, this range is built for convenience and usability. Affording both comfort and security, these shower aids make life easier for users and carers alike.

Manufactured using stainless steel, the range is lightweight and easy to clean, making it easy to transport and maintain hygiene standards. The Orchid range have castors installed for extra manoeuvrability, and the anti-bacterial powder coating does not degrade in effectiveness over time.

The mesh covers are easily detached by zip or Velcro for less hassle to caregivers and more simplicity to save them time and energy. The Velcro straps at the rear can also be undone or slackened to allow extra access for hair washing. The sides of the mesh along the frame are padded to maximise comfort and safety.

Key Features:

- Machine washable mesh covers
- Anti-bacterial powder coated stainless steel frame
- Built-in castors
- Easily manoeuvred
