## PRODUCT DESCRIPTION

The Richie is an extra-wide slipper for men who perhaps suffer from swollen feet. Boasting a seam-free toe area, these slippers give incredible comfort with a significantly reduced risk of pesky rubbing on sensitive areas.

Designed to give as much space as possible to the wearer, the Richie can accommodate most feet sizes regardless of swelling, bunions, or hammer toes. The fabric of the slipper itself can stretch and contour to the foot, ensuring that comfort comes first.

The touch-fastening strap also makes it supremely easy to adjust and adapt the fit of the shoe.

### Key Features:

- Seam-free toe area
- Fabric gives extra room for swelling
- Secure touch-fastening strap
- Machine washable
- Strap extensions available
